4. Click on “Products” where you have the option to enter any other information such as product descriptions, images, links, etc. This information will appear as boxes on your company’s page.

5. Click on “Company profile” where you have the option to embed a video, for example from YouTube or Vimeo. You can obtain the embed code by clicking on “Share” under your YouTube video and choose “Embed”, or by clicking on “Share” and choosing the symbol “</>” on Vimeo.

One tip is to open your company’s page in a separate tab. This makes it easy to see what it looks like when you create the page.

**NB:** All exhibitors must update points 1–2 above by 29 March. The rest must be ready in time for Vitalis on 18 May.
